WHAT THEY CAN GET.

Filipinos Told Just What They Can
Get and No More.

READY TO GIVE UP.

Del Pilar Says They Would Surrender
at Once if They Knew American
Promises Would Be
Carried Out.

Manila, May 22.—The United States Philippine commission submitted to the Filipino commissioners a draft of the form of government the president is prepared to establish. According to the plan a governor general will be appointed for the islands by the president, as will also be a cabinet and later an advisory council will be elected by the people.

In spite of the presence of the Filipino commissioners in Manila, military operations continue with unabated vigor. The visitors are apparently ignorant of the true condition of affairs here. Upon arrival they were immediately inundated with invitations covering both day and night, and express surprise at the condition of affairs within our lines. They had been led to believe everything was chaotic, and are delighted at the reception accorded them.

Reports received from persons who have arrived from the interior show no troops are left in northern provinces.

They were all drafted south after the outbreak of the war. Villages on the west coast are almost deserted and the Ilocanos are especially desirous of joining the American army, if only for the purpose of crushing the Tagals. Many natives of Benguet and Ilocos said that if the Americans had not arrived civil war would necessarily ensue, owing to the friction between the Tagals and the inhabitants of other provinces. It is added that the Filipino troops now left are 7000 men under General Luna at Tarlac and about 4000 under General Pio del Pilar. Even these are demoralized and short of arms and supplies. Many of their rifles are disabled and the Filipinos are unable to repair them owing to the lack of mechanics and materials for so doing.

The coasting steamers which arrived here report the Spanish garrison at Zamboanga, island of Mindanao, is held by rebels in much the same manner as the Americans had them while they were in the vicinity of Manila. Every night the Spaniards are subjected to an ineffectual fusillade, and if they are not soon relieved they will be reduced to the condition of the Spanish garrison at Iloilo, just previous to its evacuation of that place.

In an interview with Gregorio del Pilar, in the presence of Dr. Robar, a close friend of Aguinaldo, and another peace commissioner, Zialcita, who approved the sentiments expressed. General Del Pilar said:

"The insurgents are anxious to surrender, but want assurances first that there will be no putting to death of the leaders in the rebellion and some proofs that the Americans will carry out the generous statement in their proclamation. We have been acquainted with the Americans but a short time. If they are sincere we will agree to unconditional surrender. In negotiations entered into with authorized Spanish officers in previous rebellions, similar promises were made but not carried out. Ruiz and others were put to death in spite of these promises. If we give up our arms we are at the complete mercy of the Americans. We realize the hopelessness of the Filipino Republic, for the people are now impoverished and a continuance of hostilities will only increase their suffering.

APPROVES THE PLAN.

Washington Authorities Sanction Proposed Government of Philippines.

Washington, May 22.—The report from Manila of the form of government that has been proposed to the Filipinos, including a governor general, a cabinet and an advisory council, is confirmed at the state department, where, it is said, this is the general line of action which the authorities here and at Manila are proceeding.

The plan is the outgrowth of the numerous cables and mail exchanges between President Schurman of the Philippine commission and Secretary Hay, as well as advice from General Otis and Admiral Dewey. The proposition to have the governor general and cabinet appointed by the president is substantially the same system as in operation in Cuba. Like the Cuban system, the administration will be of a military character for the time being at least, while conditions are unsettled. The authorities here are acting on the theory that as in case of Porto Rico it will be for congress to establish the permanent form of government for the islands.

It was understood at the time Major General Lawton went to Manila, Gen. Otis would be governor general while General Lawton would assume active direction of military affairs.

The main idea of the system proposed in the Philippines is to carry out assurances given in the proclamation issued some time ago, to maintain the sovereignty of the United States over the islands and at the same time give the natives the largest measure of home rule.

ADVICES FROM OTIS.

They Show That the Insurgents Are
Weakening and Ranks Thinning.

Washington, May 22.—The war department has received the following advice from General Otis:

In Bulacan province troops are maintained at Quinga, Balinag and San Miguel.

Lawton is proceeding down the Rio Grande river from San Isidro, driving the enemy westward from San Antonio, Cairo and Arayat, where he has been joined by Kobbe's column, and has reached Santa Ana and Canadaba.

MacArthur is still at San Fernando, and occupy the cities south and westward.

The insurgent forces are disintegrating daily. Luna's forces at Taltac are much diminished and have destroyed several miles of railway in the front; a number of officers of the rank have deserted Luna, and a few have entered Manila for protection.

In Pampanga and Bulacan the inhabitants are returning to their homes only in fear of the insurgent troops. South of Manila the insurgent disintegration is progressing, though a large force is still maintained.

Conditions are improving daily.

A battalion of troops and a gunboat will be sent to Negros to allay the excitement in the southern portion of the island and west of the Coast of Cebu.

General Otis has denied the request of Aguinaldo's commissioners for an armistice.

THE DAWSON FIRE.

Fuller Details of the Destruction of That
Alaskan Metropolis.

Victoria, B. C., May 22.—Additional facts have been received here of the fire at the city of Dawson, which caused a loss of \$4,000,000, on April 26. Many buildings, including the Bank of British North America, were burned. The fire occurred in the very heart of the business centre of the city, commencing near the opera house on the water front, and spreading with unusual rapidity. It was driven by a strong north wind, destroying everything in its way on that street down to, and including Donahue and Smith's establishment.

The fire then took in all of the water front buildings abreast of the same blocks. It crossed the street, burned through and spread over to Second street, covering the principal business portion of Dawson, leaving it all in ashes, with the firemen helpless and powerless to do anything.

Because of closed navigation there is a famine in all kinds of building material and furniture, such as sashes, doors, locks, hinges, etc. The few articles still remaining outside of the burned district have quadrupled in prices. Doors are selling for \$35 each, door locks \$8 each and everything else in proportion. Nothing in the way of rebuilding can be done until the river opens.

The fire was caused by a drunken woman upsetting a lamp in a notorious house. It occurred at 3 o'clock in the morning. Owing to the fact that logs and canvas were the principal materials from which the buildings were constructed, it spread rapidly. An unsuccessful attempt to extinguish the fire before an alarm was sounded and in this way a delay was caused that gave the fire such headway that when the fire brigade did turn out they found a conflagration beyond their power to subdue.

Within half an hour from the time it started, the fire had crossed the street twice, burned through and spread to Second street—every important building in what was broadly known as the business portion—eaten up.

The firemen after their first half hour's work accepted the inevitable and abandoned their effort to extirpate the flames and devoted themselves to the salvation of property in buildings as yet unremoved from the sweep of the fire.

Not a single building was left as a landmark from Timmon's Royal cafe and opposite the Fairview hotel. In this district were all of the structures erected in 1897-98, indeed not a pioneer building is left in the town.

The heaviest loser is the Bank of British North America, whose rather flimsy vault did not withstand the heat. The papers in the bank were destroyed. The bank also lost a large amount of gold dust. A rough estimate places the loss in gold and paper at \$1,000,000.

Altogether the burned area comprises nearly three-quarters of the area of Dawson. None of the big warehouses were touched, so there will be no short

TUESDAY, MAY 23, 1899.

The new anti-trust law will not
go into effect until 1900.

The Brenham Banner observes
that "the poorer the family the
fatter the dog."

Citizens of Brenham and Nava-
sota have arranged the details of
the unveiling of the independence
monument at old Washington July
4. Several thousand people will
doubtless be in attendance and a
grand time is expected.

Texas has one editor, Aaron
Smith of Mt. Pleasant, who was
born without arms. He writes
some with his toes but principally
with his mouth, and has conducted
a paper the past six years.

Reports from Cuero are to the
effect that boll and cut worms are
already doing much damage, and
many farmers say they have
never before seen so many insects.
It is said some will have to re-
plant a considerable portion of
their cotton.

Ex-United State Senator Peffer
of Kansas, for many years one of
the chief exponents of populism,
has returned to the republican party
and says: "The populist party
has been eliminated nationally by
the democrats, so that those of us
who don't want to flock by our-
selves will have to vote our convic-
tions as best we can."

ON AGAIN!

The Camera Craze—The green fields, the running brook, the pretty landscape—
A summer days outing is made doubly enjoyable if you have a Camera. Are you
a Camera fiend? Do you own a VIVE? Do you develop your own pictures?
You can do it easily and as good and with more satisfaction and economy than
anyone else can do it for you. Taking and developing pictures is instructive,
Pleasant and Profitable—in fact its a fad too—not one of today or tomorrow but
for all time to come. I sell the Vive Cameras, they lead everywhere. Also keep
in stock all photo supplies—

Tripods,
Plates,
Trays,
Card Mounts,
Print Out Paper,

Developing Outfits,
Photographic Chemicals,
Developing and Toning Solutions,
Flash Light Powder,
Developing Paper.

And everything else required by an amateur. When you want a VIVE or need
any of the Photo Supplies call on us, we'll be glad to serve you.

Visit of the Navasota Vested Choir.

Services of marked interest were
held at St. Andrews church Sun-
day night, the church being filled
to overflowing, and many persons
unable to gain admittance, went
away, while others filled the ves-
try and still others remained out-
side. The vested choir of the
Episcopal church was here by
special invitation and rendered ex-
cellent music, adding greatly to
the beauty of the service. Solos
by Misses Horlock and Yarborough
and Mr. L. L. Chinski were ren-
dered with great ability, while one
of the youngest members of the
choir, a little girl, sang "Jesus,
Lover of My Soul," in a manner
full of wonderful sweetness and
expression.

Dr. Bowers hopes to organize a
vested choir here. He preached
an excellent sermon Sunday night

SHOT THREE WOMEN.

Levi Moore Becomes Enraged and Starts
Out to Kill Somebody.

Kansas City, May 21.—Levi Moore, a
clerk in the city market, shot and per-
haps fatally wounded Mrs. Jennie Camp-
bell, Mrs. Emma Landis and Mrs. Anna
Meek Bumeck at 6 o'clock Sunday morn-
ing in a jealous rage. The Campbell
woman had deserted Moore for another
man and Moore armed himself and went
to her roominghouse on Wyandotte
street. Moore sent a bullet into her
back, and the woman ran screaming
through the house. In Mrs. Landis'
room she appealed for protection. This
further enraged Moore and he fired two
shots at Mrs. Landis, one taking effect
in the abdomen. Into another room
Moore followed the Campbell woman.
Mrs. Bumeck, awakened by the shoot-
ing, rose from bed just as Moore entered
her room. He opened fire upon her, one
shot piercing her back.

When removed to the hospital half an
hour later, Mrs. Bumeck was completely
paralyzed. All are considered mortally
wounded.

Moore then ran from the house and
down the street flourishing his revolver
at a crowd that followed. He shot at a
negro but missed his mark and was ar-
rested a moment later.

Moore feigns insanity. He is 38 years
old and has a wife and child in Annis-
ton, Ala. Mrs. Campbell, who is 32
years old, is a divorced woman; Mrs.
Bumeck is 36 and Mrs. Landis is 31
years old.

KILLING AT JOPLIN.

Negro Barber Shot to Death and Three
White Men Wounded.

Joplin, Mo., May 22.—Andrew Woods,
a negro barber, was killed on Main
street here Sunday and three white men
were accidentally shot in the melee.

Dewitt Leonard, foreman of the Chi-
cago Consolidated mines, and one of his
men were walking along Main street.
Seeing Woods' wife standing in a door
Leonard asked her jestingly if she was
going to church, whereupon she struck
him a stunning blow with her fist,
knocking him off the sidewalk. He re-
turned the blow and went on his way
with several companions. They were
overtaken in the next block by Woods
with a pistol in his hand. His wife told
him that the man wearing a white hat
struck her. Without asking for infor-
mation Woods struck with his pistol
the first man he met who wore a white
hat. He struck another, and finally hit
Leonard, knocking him down.

Officer King appeared and demanded
Woods' pistol. Woods refused to sur-
render or give up his revolver. Some
one in the crowd said: "Kill the nigger,"
when Leonard snatched King's
pistol. Promiscuous shooting then be-
gan. Woods was shot in the shoulder
and leg. Leonard sent a third bullet
into the negro's heart, killing him in-
stantly. Three bystanders, all white
men, were hit by stray bullets. Leon-
ard has a good reputation. Great ex-
citement exists among the negroes and
trouble is feared.

THE PARIS STUCK FAST.

She Strikes a Ridge of the Manacles
Near Falmouth.

Falmouth, Eng., May 22.—The Amer-
ican line steamer Paris, Captain Wat-
kin, from Southampton and Cherbourg,
for New York, struck on an outlying
ridge of the Manacles early Sunday
morning at a point half a mile from
where the wrecked Atlantic liner Mohe-
gan lies and five miles from Falmouth.

All the passengers were landed safely
and the assistance rendered by tugs
proved unsuccessful. It is believed the
steamer is now very seriously damaged.

Irish Potato Venture.

El Paso, Tex., May 22.—Twenty pota-
to growers from Greeley, Colo., have lo-
cated at Jarrilla, N. M., talking with
them to their new home two carloads of
horses, two carloads of new machinery
and household goods and eight carloads
of seed potatoes. They expect to plant
500 acres of Irish potatoes, using eight
new potato planters, each having a ca-
pacity of 10 acres a day. The potatoes,
when ready for market, will be loaded
on the cars on the very top of the Sa-
cramento mountains, at Toboggan Sta-
tion, 9000 feet above sea level.

Stabbed His Wife to Death.

New York May 22.—In the presence
of several hundred people who were
watching a ball game near Hoboken
Sunday John Moretta stabbed his wife
to death because she refused to return
to him, after months of separation. The
act was done so quickly that no one
could prevent it. Moretta fled but a
ballplayer pursued and laid his scalp
open with a blow from a bat. Moretta
was taken into custody.

Deputy Sheriff Killed.

Guthrie, O. T., May 22.—J. H. Siler
and Albert Taylor, deputy sheriffs of
Pawnee county attempted to arrest a
party on a warrant charging him with
cattle stealing. A pitched battle fol-
lowed in which Siler's horse was shot
dead and Siler was fatally injured by
the animal falling on him. The party
escaped.

Smallpox at Blackwell's Island.

New York, May 21.—A case of small-
pox has been discovered in the almsh-
ouse on Blackwell's island. The entire
island, containing 10,000 persons is quar-
antined.

Jockey Horton Dead.

New York, May 21.—Jockey Horton,
who was injured Saturday at Morris
Park while riding Tentore in the grand
national steeplechase, is dead.

LADIES SLIPPERS!

Valuable Gifts and Courtesies to the A. & M. College.

Prof. R. H. Whitlock informed The Eagle yesterday that Mr. J. W. Addis, superintendent of motive power of the Texas & Pacific railway company, has just sent to the College, a fine model of the locomotive link and valve apparatus, promised on the occasion of the visit of the Texas railroad club and mentioned in The Eagle at that time. The model is so arranged as to show plainly the action of the valve and steam at all points of the cut-off. Mr. Addis also sent three excellent and handsomely framed pictures showing the anatomy of the locomotive and of the freight car and passenger car. These gifts are very valuable for instruction in the mechanical department and very highly appreciated by the College authorities.

Prof. Whitlock further stated that Mr. S. R. Tuggle, superintendent of motive power for the H. & T. C. railroad company, has sent to the College for the instruction of students in mechanical engineering the instruction car on air brakes, showing the workings of brakes and signal apparatus necessary for a train of forty cars. The working parts in this car are all shown in cut sections revealing the valve motion in all parts. The electric headlight and apparatus for the application of air in sanding the track is also shown. The car is in charge of Mr. Hume, regular instructor for the employees of the road in the use of air apparatus.

These gifts and courtesies from leading practical railroad men of the state show the good results of the visit of the railroad men to the college, indicate the high esteem in which they hold the institution and will prove of inestimable advantage to the work of instruction in the mechanical department. The College people are deeply gratified and grateful for the kindly interest and practical aid given to their work.

Miss Nellie Smith entertained the J. A. O. club and a number of other lady friends at a card party at the home of her parents, Capt. and Mrs. Geo. W. Smith, yesterday afternoon from 3 to 6 o'clock. After the game light refreshments were served. Miss Rebecca Gibson of Dallas, was guest of honor.

Officers for the Bryan cotton seed oil mill for the ensuing year are as follows: J. N. Cole, president; James O. Chance, vice-president and treasurer; A. D. McConico, secretary; M. D. Cole, J. W. English and those named above, directors.

Prayer meeting services will be held every night this week at the Baptist church. The public is cordially invited, and if sufficient interest is manifested, revival services will follow.

Miss Reuben is here visiting friends and en route home to Madisonville from a visit to Waco, Dallas and Hillsboro.

"Time is Money."

"THE LONGEST WAY ROUND IS SOMETIMES THE QUICKEST WAY HOME."

These wise old saws apply to the new fast train service now in effect via the "Great Rock Island Route." While not the short line everywhere, we "get there," which is the main point to be considered.

A whole business day saved is one argument; a maximum of comfort by reason of thorough service; modern equipment; rock ballast; in short an up to date railway are several other arguments to assist you in deciding how and via what route to purchase tickets.

The new schedule is as follows:

Leave Ft. Worth 8:25 a. m.
Arrive Lincoln 7:10 a. m.
Arrive Omaha 9 a. m.,
Connecting at the latter point with train through Iowa, arriving Des Moines 4:39 p. m.

STARTLING RUMOR.

Reported That Cruiser Detroit Fired Upon at Bluefields.

RUMOR NOT CERTAIN.

It Is Said That the Nicaraguan Gunboat Fired Upon the American Vessel—Officials Are Investigating.

Washington, May 22.—There was a rumor here Sunday night that there had been a hostile meeting at Bluefields between the Nicaraguan gunboat San Jacinto and the United States cruiser Detroit, which is looking after the interest of America in that vicinity.

The report lacks confirmation so far as official advices are obtainable, the statement being made in responsible quarters that no information had been received in regard to it.

If the Detroit has been attacked in Nicaraguan waters it is due to the animosity of General Torres toward the United States.

He is arrogant and has been insolent to the American minister.

President Zelaya is said to be not overly friendly to the United States.

The president and secretary of state discussed the report that the Detroit had been fired on in Nicaraguan waters by war vessels.

NOTHING FROM BLUEFIELDS

Washington Officials Disbelieve the Detroit Was Fired Upon.

Washington, May 22.—As the latest telegraphic and mail advices from American officials at Bluefields and other points in Nicaragua contained nothing to indicate any serious friction between the United States and Nicaraguan officials, Secretary Long said he was not inclined to credit the report that the United States ship had been called upon to resort to extreme measures.

Secretary Hay also said no word had been received at the state department upon the subject, therefore, he was not prepared to believe anything of the kind occurred.

The latest advices from Nicaragua were to the effect that negotiations of the settlement of recent customs differences was progressing with every indication of an amicable settlement.

ORDERS TO THE VIXEN.

She Will See That Telegraphic Communication Are Not Stopped.

Washington, May 22.—Under the instructions given by Secretary Long to the Lieutenant commander, W. W. Kimball, commanding the gunboat Vixen, now on her way to Bluefields, Nicaragua, that officers will maintain constant telegraphic communication with the department.

This order is in addition to that requiring him to protect American interests along the Central American coast, and is for the purpose of preventing any interruption in the communication between the men of war of the United States cruising in Central American waters and the department. The gunboat Marietta and latterly the cruiser Detroit experienced considerable difficulty in forwarding messages to the department and receiving instructions due, according to the explanation of the Nicaragua government to "an interruption" in the land lines.

It is not a all certain the cruiser will leave Central American waters even upon the arrival of the Vixen. Her departure is entirely dependent upon the condition of affairs at Bluefields at the time the Vixen is spoken and should the situation be quiet the department may deem it advisable to dispatch the two vessels to Honduras to expedite the payment of the indemnity for the murder of an American named Frank Pears.

No Official Report of Trouble.

Washington, May 22.—The navy department has had no report from the captain of the Detroit as to any difficulty with Nicaraguan officials or any collision with the gunboat San Jacinto. The Detroit arrived at Bluefields, on May 11, and since that date no report has come from her. She took on board there the remains of the late General MacAuley for transportation to the United States.

Cow Wrecks a Train.

Desoto, Mo., May 22.—The engine of the Iron Mountain, south bound express, which left St. Louis at 2 o'clock Sunday afternoon, struck a cow at Top, Mo., and jumped the track, completely overturning. Fireman Fred Parker was killed and engineer H. E. Walter, was severely injured, but not fatally. Several passengers sustained bruises, but none injured.

Cisneros Has Confidence.

Havana, May 22.—Salvador Cisneros, (Marquis Santa Lucia), who is president of the Cuban provisional government, has published a long statement in the course of which he expressed confidence in the United States, but explains that Cubans are naturally suspicious at wholly undefined policy.

Boys Under Arrest.

Eagle Pass, Tex., May 22.—About a month ago a stranger giving his name as Duff was shot and killed here. When last seen he was in company with two boys, also strangers. Sheriff Dow's vigilance has been rewarded, for he reached this city having the two boys in charge.

JEALOUSY THE CAUSE.

Rivalry of Brazilian Towns Carried Too Far by Manaos.

Washington, May 22.—Commercial jealousies between the cities on the river Amazon are responsible for two insults offered the gunboat Wilmington and the stoning of the American consulate at Manaos by a Brazilian mob. Reports received at the state and navy departments present the facts which have been made the basis of proper representation to the Brazilian government.

When commander Todd announced at Para, before the ascent of the Amazon, his intention to proceed to Manaos, there seemed to be some objection to his purpose, but he succeeded in obtaining pilots who conducted his ship satisfactorily to Manaos. Here Commander Todd paid his usual calls upon the captain of the port, who was very cordial until he ascertained that the Wilmington was under order to continue her cruise until she reached Iquitos, Peru, when his manner changed.

The governor of the province in which Manaos is located declined to receive Commander Todd and obstacles were put in the way of obtaining pilots for the navigation of his ship on the return. Commander Todd succeeded, however, in getting a couple of men from an Italian vessel and with them continued the cruise. Upon his return to Manaos he found that the governor had revoked the license of the pilots and they were punished, and on account of the attitude of the governor he could not get pilots to take his ship down the Amazon and it was necessary for him to rely upon his ship's force, which did the work in an entirely satisfactory manner.

When the Wilmington proceeded toward Iquitos a few people, including representatives of Manaos newspapers, surrounded the consulate and threw a few stones at it to show their disapproval of the conduct of the Wilmington's commander. It appears from the reports that the people of Manaos, like those of Para, object to the exploitation of towns above them, fearing such action will inure to the benefit of their rivals and injure their own trade.

No doubt is felt in official circles that the Brazilian government will make a prominent investigation of the discourtesy offered to the Wilmington, and that a speedy action will be shown. The authorities sincerely regret that the incident should have arisen, because of the undoubted friendship of the Brazilian government for the United States, and they are satisfied that all proper amends will be made.

Strikers Burn Houses.

St. Petersburg, May 22.—Advices from Riga, the capital of the Baltic province of Livonia, announce that on Saturday last workmen employed in the jute factory there struck for higher wages, and joining with the workmen of the Phoenix Arms factory, destroyed and burned a number of houses and fought the police and military. The latter finally triumphed. Rigorous measures have been taken against the leaders of the disturbance.

Fire at Brooklyn.

New York, May 22.—Fire from unknown origin started in a building on Freeman street, used by Valls Bros., as a planing mill and spread rapidly until an entire block was destroyed. The total loss is estimated at \$350,000. The flames extended to Eagle and Kent streets destroying a number of dwellings. The property destroyed includes four factories, a planing mill, a blacksmith shop and 14 dwellings.

Harlem Buildings Destroyed.

Chicago, May 22.—The Harlem race track was almost completely destroyed by fire. Flames broke out in the grand stand and soon spread to the stables where between 30 and 40 horses were quartered in readiness for the decoration day meet. Incendiaries are given as the origin of the fire, and this theory is emphasized by the recent destruction of the Roby track under mysterious circumstances. Most of the horses of the Harlem track were rescued. Buildings on track valued at \$60,000.

Charged With Assault.

Painesville, O., May 22.—Jefferson Kelley, a negro, was lodged in jail here by a farmer named I. J. Taylor, who had pursued, shot and arrested him on the charge of assaulting Mrs. Wilhelmina Tucker of Cleveland, a widow 50 years of age.

Sherman Returns to Manila.

San Francisco, May 22.—The United States transport Sherman sailed for Manila tonight with the Sixth infantry and a number of soldiers assigned to various regiments. General Fred Grant is on the Sherman in command of the expedition.

Veteran of Two Wars Dead.

St. Louis, May 22.—Brigadier General Christian S. Wolff, a veteran of the Mexican and civil wars, is dead, aged 77. In both wars he served with distinction and before the close of the civil war was appointed a brigadier general of volunteers.

Shot Father and Son.

Chicago, May 22.—During a quarrel over a game of cards here, George Allen shot and fatally wounded Burrell Douglas and his son Frank Douglas. Allen also received two bullet wounds and may die.

Captain Leary at Gibraltar.

Gibraltar, May 22.—The United States auxiliary cruiser Yosemite, carrying Captain Richard P. Leary, United States navy, the newly appointed governor of Guam, and a garrison of marines, has arrived here en route for that island.
